

The christian radio station K-Love provides a great outlet for worship and encouragement to the Chicagoland area. I personally enjoy not only the music but also the uplifting power verses and the postive news stories. In a time in our society when all we hear about is war and fear, I truly feel that K-love is keeping many people on track spiritually and emotionally. I have noticed lots of cars bearing the bumperstickers promoting K-love and I know it would be a huge loss to the Chicagoland area is K-love were to go off the air.
